**Regular Monitoring**

Two monthly reports are prepared for the Chief Finance Officer: a forecast of interest receivable for the year, and an investment comparison, which shows the sum available for investment compared to the previous year. The Chief Finance Officer presents a monthly report to CMT and updates the Executive Committee on a quarterly basis. These reports include any policy updates, such as changes to the official lending list, based on the latest ratings information. Full council receives an annual review and strategy statement and a mid-year review.

The interest forecast is currently predicting a total net interest receivable for the year of £91,270. This compares to £102,965 in 2018-19. This forecast decrease is mainly due to a forecast increase in the Council's borrowing requirement in the second half of the year due to items within the capital programme. However, this is dependent on the timing of the schemes proceeding as anticipated. During the first half of the year, there has been an increase both in the funds available for lending out (average daily lending is £14.1 million in 2019-20 compared to £13.3 million at the same stage in 2018-19 and average net interest rate achieved is 0.81% in 2019-20, compared to 0.61% at the same point in 2018-19). Average benchmark 7-day LIBOR rate to the end of September 2019 was 0.69%.

**Treasury Management Indicators**

These are part of the Prudential Indicators, as agreed at Full Council on 28 February 2019. They are available on request or on the Teignbridge website agenda for that meeting.
